

Company: Spiber Inc.

Field: Sustainability

Location: Tsuruoka, Japan

### Main tasks

Tasks in the Sustainability field include:

- Work cross-functionally with internal Biz Dev & Sales, Procurement, Production, and R&D teams among others to drive successful implementation of sustainability projects
- Develop proposals for Spiber policies and initiatives through special research projects that advance our sustainability priorities and contribute to adoption and implementation across Spiber Group companies
- Monitor and track sustainability data and KPIs, and provide sustainability reporting and analysis
- Support the development, enhancement and maintenance of our sustainability data collection, reporting and analysis systems
- Prepare presentations, reports, website content, and other communication materials for technical and general audiences on Spiber's sustainability-related efforts and establish Spiber as a thought leader in the industry
- Project management for the tasks above and others as needed

### Skills and experience we're looking for

Candidates who have the following types of skills and experience will be better suited for roles in this field.

- Educational or work experience in sustainability or textiles-related field
- Interest in sustainability work at Spiber
- Working proficiency in both Japanese and English
- Bachelor's degree required in relevant field(s)
- Working experience in fields such as EHS, management consulting, ESG/CSR/sustainability work, or textiles

### Basic qualifications

- A sense of engagement and responsibility towards Spiber's projects

- The ability to commit to the team's mission
- The capacity for flexibility in the pursuit of maximizing the team's performance
- Willingness to step outside individual areas of specialization
- An appreciation for new experiences and challenges
- Ability to deliver and share our company's culture and image
- Ability to work under pressure and react to an ever-changing environment

#### How to apply

Please send your application documents through the application form on our website (<https://www.spiber.inc/en/join/form/>). Please select "Business Development" on the form and mention that you are applying for a role in the Sustainability field in the "Comments" box.
