

やまのこ保育園 2017年度 園児募集案内

2017年9月1日、Spiber株式会社は「やまのこ保育園」を開園いたします。

少人数のゆったりとした環境で、子どもたち一人ひとりが好きなことを見つけて、好きなだけ取り組み、

心地よく満たされた気持ちをたっぷり育てたいと願っています。

自然素材にこだわった心地よい保育室と、泥遊びや水遊び、花や野菜を育てる小さな園庭とを自由に行き来しながら、安心できる1日のリズムを育むと共に、庄内の豊かなフィールドを活かした、自然の中での探検の時間も大切にしていきます。

やまのこ保育園は、内閣府が主導する企業主導型保育事業による保育園です。

地域の子どもたちと、弊社社員と連携企業社員の子どもたちのための保育園です。

わたしたちの特色

縦割（異年齢）クラス

子どもたちが、上にも下にもなれる関係の中で、自然なかたちで「見て」「真似て」「学んで」いく経験を増やしていきたいと思います。お互いを認め、育ちあう経験を育んでいくためにも、発達段階の異なる子どもたちが共に生活をしていく経験を大切にしていきます。

日本語と英語が混ざり合う環境

私たちは言語を文化と捉えます。異なる文化と出会い、その「違い」を感じていくこと、「違い」の中にも「同じ」があることを感じながら、子どもたちの中に育まれていく感受性を大切にしていきます。

（英語で保育を行うスタッフと日本語で保育を行うスタッフが混在する環境となります）

布パンツの使用

第二の脳と言われる子どもの肌への心地よさと、自分で脱ぎ履きしやすく動きやすい子ども目線での機能性、環境負荷の観点から布パンツを使用します。子どもたちの基本的な欲求を大切に扱い、生理的な快不快の感情を大切にしていきます。

Yamanoko Childcare Center Admission and Enrollment for 2017

On September 1st 2017, Spiber Inc. will open its own childcare facility, the Yamanoko Childcare Center. Yamanoko will provide a relaxed environment for a small number of children and adults, enabling children to discover what they love, devote themselves to it as much as they desire, and be nourished with great satisfaction and joy.

We have created a comfortable indoor space built with natural materials as well as an outdoor playground in which both children and adults can enjoy growing vegetables and flowers. Children will be able to play and learn freely in both indoor and outdoor environments, establishing a healthy daily rhythm. We will make the most of the abundant natural surroundings of the Shonai area and treasure the time that our children spend exploring it.

Yamanoko Childcare Facility is part of the employer-provided childcare project led by the Cabinet Office. It will offer childcare services to children of employees from Spiber and partner companies, as well as to local children of non-employees.

Facility features

Multiage classroom

We want to increase opportunities for children to naturally observe, imitate, and learn through a wide variety of relationships. We value the experience provided when children of different developmental stages are allowed to grow together by recognizing and understanding each other.

An international environment

We believe that language is a form of culture. Being in a multicultural environment exposes children to different norms. At Yamanoko, we want to give children the opportunity to experience cultural differences as well as to discover for themselves the similarities that exist within those differences. We want to nurture the rich sensitivity that our children will develop when they encounter different cultures.

(Both English and Japanese speaking staff members will be available.)

Reusable cloth underwear

At Yamanoko, we will use underwear made of reusable cloth for the following reasons:

- 1) it is easier on the children's skin, which is said to be their 'second brain,'
- 2) it will be easier for children to put on and remove the underwear on their own,
- 3) it is better for the environment. We will treat children's fundamental needs with great care, and pay close attention to both their physiological comfort and discomfort.
